

Carlos Enrique Romero
Systems Group Leader/EETD
Lawrence Livermore National Laboratory

Mr. Romero is currently the Systems Group Leader/EETD and the line manager for 6 engineers at Lawrence Livermore National Laboratory. He is responsible for safety, security, job performance and evaluation of those individuals. Mr. Romero's additional roles include defining hiring needs and active recruiting for the division/department. Mr. Romero has held this position since July of 2005.

Mr. Romero has also served as an Associate Program Manager for Operations / MIR Program, where he was responsible for day to day operations, coordination and staffing of 18 engineers in the Micro-Power Impulse Program. His role included oversight and spending of a \$3.5 million budget.

He has also served as the Principal/Lead investigator in numerous projects dealing with radar for communications, imaging and sensing. Total oversight over 5 years of over \$7 million dollars

Mr. Romero's past experience includes serving as a Research Engineer at the Berkeley Multimedia Research Center/ UC Berkeley CA, Guest Research Engineer ETH (Swiss Federal Institute of Technology), Zurich, CH and an Electrical Engineer at IBM, Endicott, NY.

Mr. Romero received his M.S. in Electrical Engineering from UC Berkeley, CA. and his B.S. in Electric Power Engineering from Rensselaer P.I. Troy, NY.
