

Norman Loiseau
Principal
Orion Management Consultants

Mr. Loiseau has more than 20 years experience in international transportation and logistics, in various senior management positions, most recently as General Manager – Regulatory Compliance for CP Ships, and Canada Maritime.

Mr. Loiseau is currently a principal with Orion Management Consultants, providing compliance, safety and security program development, transportation consultancy and training assistance to clients who are involved in various aspects of international trade. This includes notably the transport of dangerous goods (notably explosives and materials).

Mr. Loiseau is the marine industry advisor to Transport Canada – Dangerous Goods Directorate, Minister’s General Policy Advisory Committee. He also provides technical support to the Shipping Federation of Canada. He was the past chairman of the Federations National Customs Committee, providing industry expertise on the Canada Customs ACI development project. He is also a past National Director of the Canadian International Freight Forwarders Association.

An accomplished trainer, Mr. Loiseau continues to be actively involved on behalf of his clients with various government and other regulatory bodies.
